

THE GROUNDS

creating your memorable moments

THE BEGINNING

To your forever

CONGRATULATIONS ON SAYING YES!

We know this next step can be overwhelming when planning your big day, but don't worry, we've been in your shoes.

The Grounds didn't start off as an events business, for us it was just a beautiful space for people to enjoy. However, when a couple asked if they could have their wedding at The Grounds, we couldn't resist the opportunity to create a truly unforgettable moment.

Our passion lies in bringing joy to people's lives and creating memorable moments and it's an honour to be trusted to do this on your biggest day.

From that first wedding, we've grown and expanded, constantly striving to improve and innovate. We've hosted countless events, each one as unique and special as the last.

Because of someone's courage to ask, The Grounds has become one of Sydney's largest and most loved events venues. It's something that makes us so incredibly proud, and we're proud because you are the reason we do it.

Our team is dedicated to making every event everything you've dreamed of and more, and we can't wait to help you create a truly magical experience at The Grounds.

RAMZEY CHOKER

DIRECTOR

Looking back on my personal journey, I'm grateful for the values instilled in me by my family. Their unwavering support has been the driving force and backbone of my success. I've always had a strong drive to do my best and achieve high standards, and I credit this mindset to my parents.

While some may describe me as a bit unconventional, a disrupter, I view it as a part of my unique perspective on the world. I'm naturally curious and enjoy exploring new ideas, and I find fulfillment in challenging myself to think creatively. This perspective has defined my approach in creating remarkable event spaces that stand out from the rest.

Above all, my focus is on serving The Grounds family and empowering them to break down barriers, strive for greatness, but most importantly bring joy to people's lives.
