LET'S HAVE
SOME FUN

*Factory
Experiences*

WHAT'S

HOW TO PLAY

Find Dot Number 1: Look at your paper and find the dot with the number 1 next to it.

Start Drawing: Place your pencil or crayon on dot number 1.

Connect the Dots: Draw a line from dot dot to the next in numerical order - eg number 1 to dot number 2 & so on. Keep connecting the dots until you reach dot number 54.

THE FUN PART

Once you've connected all the dots from 1 to 54, you'll see a surprise picture appear! You can then color in your picture to make it even more beautiful.
